

Jolly Jake's

RAMBLING THOUGHTS

HIDE-AND-SEEK

It's been a year since my last column. So I guess you have forgotten all about me, haven't you? Well, what's the difference? Anyway, you should now that I'm still alive on the Free Radio bands. Not so much with Radio Fusion International though, I've only had one or two RFI programmes this year and I guess you all missed them because I hardly got any reports. Recently I made a half hour 70's disco flashback programme for Radio Camouflage which should be aired soon on medium wave. Camouflage is one of those mysterious Scandinavian stations that have popped up the last couple of years. And believe it or not, I don't even know myself who the people behind the station are!! This play of hide-and-seek astonishes me a little bit. I think the pirates should be more open-minded and not afraid to take personal contacts with other Free Radio stations or DX-ers. But ok, let them play in the sandpit while it's still there!! The latest amendment to the Scandinavian Free Radio scene is DiscoTech Radio which could be heard on May 8th with hot disco hits on 7470 kHz at 9.00-9.50 UTC. I'll admit to you that I am one of the persons behind this station and we plan to broadcast quite intensively in the near future. Unfortunately, the conditions were rather poor that day and we got just one or two reception reports. Our power at present is 40 W, but we hope to increase power in a few months. So do listen out! While the activities and conditions on 48/41 metres are very poor, 76 metres is a more pleasant topic. Many stations are active there and several Dutch stations have joined the QSOs the last couple of months. The Dutchies also have a special QSO day on Wednesdays at approximately 16-17 UTC. Believe it or not, I managed to avoid personal attacks or threats this time, but be careful, Big Brother Jake is watching you! Take care good folks and I'll be back sooner than you can imagine!

PIRATE CONNECTION 8

The Scandinavian Free Radio Magazine

Kämnärsvägen 13D:220, 226 46 Lund, Sweden

PC SUMMER ISSUE:

- * ANGEL INTERNATIONAL RAIDED

This is **Pirate Connection**, a Free Radio magazine focusing on Scandinavian, European and North American pirate radio. PC is published 5 times a year (January, April, June, August, October) and the contents will in many respects be dependent on contributions from our readers. Everyone is therefore invited to send in just anything that may be of interest, news, logs, articles etc.

Subscription rates

Subscription 1 year (5 issues): Sweden SEK125, Scandinavia SEK150, Europe and surface mail outside Europe SEK160/\$20/£14/DM35, Air mail outside Europe SEK180/\$23, Regular editors SEK100/\$13/£9/DM22. **Sample copy:** Sweden SEK25/4IRC, Elsewhere SEK30/\$4/£2.50/5IRC. The money can be sent by cash (in any currency) to Stefan or be sent to Stefan's personal postal giro account 690708-2710 (add SEK28 if transferring to our giro account from abroad!!!). Please don't send any checks or coins.

Editorial

Another 2 months have passed and it's time for another edition of Pirate Connection. I hope you'll enjoy it, although there is only 32 pages this time. A great problem we suffer from is the lack of features. I've tried many times to engage different people in writing station features, but most people don't seem interested in doing anything. Besides, I think the number of Free Radio magazine are too many! Sure, in one way this is good news. But I think the main sources of Free Radio information, we, **Pirate Chat** and **FRS Goes DX**, should bring our forces together. We at PC are best at covering Scandinavian news and we are also the only mag providing a complete list of station addresses. Pirate Chat are best at covering UK activities and FRS Goes DX are best at providing off-shore news. So why not close all Free Radio mags and create a new Free Radio mag that brings all good stuff together? What a challenge! What great success it would do!!! My mind boggles at this ideal! Think about it guys! PC will hopefully be back in September again. It's not 100% sure, but I'll do the best I can. I definitely don't want to repeat last year when no PC was published after the summer. If anyone wants to reach me over the summer period, my phone number will be +46-8-6578241 (June 6th-August 31st). Finally, let me wish you a nice summer with lots of great DX-experiences, and keep fighting for Free Radio.
Stefan

EURO PIRATE SCENE

Angel International were raided on April 17th at 14.30 local time. The raid was carried out by 5 police and 4 DTI officials, and approximately £3000 worth of transmitting equipment, studio gear and records were confiscated. "We have always been known as an exceptionally friendly station and we kept to this even during the raid. We greeted the officers with smiles and handshakes, we lent them our own tools to disconnect the equipment, and we carried the confiscated equipment to the DTI vehicle for them." DTI had been listening to the broadcasts for several months, but eventually raided the station due to a complaint of interference to a neighbour's telephone. Angel has already returned on the air and was heard as usual here last Sunday, May 29th, with fair signal strength before the conditions totally disappeared.
48R CT SPZ

Belgian International Relay Service will return to 6239 kHz, but a date for this is yet to be decided.
PCH

I am a little confused about the address of **Radio Black Eagle** that has been heard quite often recently around 6205 kHz. Some people claim it is Box 11 in Rouveen, Holland (JAL, PCH) whilst others claim Box 10 (BEFF, RB, SPZ). Can anyone confirm which of the two addresses that is the correct one?
SPZ

THE WORLD'S GREATEST ANORAK STATION
Every Weekend  on Shortwave

Champions Radio is a new Scandinavian pirate radio station that will be relayed via the facilities of **Swedish Shortwave Relay Service** in June or July on 6265 kHz. The station say they will play a format of pop music, with emphasis on Scandinavian pop groups.
48R JAL

Another new Scandinavian is **DiscoTech**

Stefan Printz
Kämnärsvägen 13D:220
226 46 LUND, SWEDEN
Phone: +46 46 137624

Radio who made its debut transmission on May 8th on 7470 kHz. As you might guess, the station played modern dance music, or, as the station operator expressed, "dancefloor hits" such as CB Milton "It's a loving thing" and Mars Plastic "Find the way". Only two reports were received for the transmission (which probably was due to the bad conditions), one from UK and one from Sweden.
48R

AM570 LASER HOT HITS

Radio Driland International (c/f PC7) is using a home-built 40 W tx which is connected to a 24 metre longwire aerial. This doesn't work so good (bad SWR values), so they might try something else. Frequencies in use are 6200, 6259, 6555 and in the 76 metre band, 3920 kHz. The name "Driland" has something to do with the German border between Holland and Belgium, from where the station is transmitting.
48R

Radio East Coast Commercial are still broadcasting each first Sunday of the month on 6255 kHz from 8.30 UTC, with programmes starting at 9.00. Listen out for their nice and interesting DX-programme. I believe RECC is the only pirate making a regular DX-programme these days!
PCH SPZ

Fake Radio Piraña International is a spoof station that was noted on Saturday night May 21st on 3910 kHz with a repeat on Whit Sunday (May 22nd) on 6285 kHz. The operator imitated Jorge R. Garcia in bad English, talked about Latin America and played Latin American music. No address was announced.
48R LAY

WONDERFUL FREE RADIO LONDON
WFRL 6.300 kHz
P.O. BOX 5, HUNSTANTON, NORFOLK. 3

Fake Starshine Radio "with Kim Il Sung & his golden microphone" seems to be a Swedish or Scandinavian pirate who is joking with **Starshine Radio**. The station was noted on Easter Friday on 6232 kHz and later in the evening on 3932 kHz. No address is known. 48R

Jolly Roger Radio have a new female DJ named **Clodagh**. She hosts a love song show each Sunday at 10.00 UTC on 6229 kHz with repeat at 11.30 UTC. Other DJs on JRR are, besides station manager **Joe Vincent**, **Ted Clark** from Holland, **Barry Christian** from Denmark and **Churk Wilson**. All make country related music shows. JRR are running 130 W at the moment and provide a fair signal strength in Scandinavia. Reports are verified with different nice photo QSL-cards. 48R

Live Wire Radio returned to the airwaves on May 22nd on 76 metres. The frequency in use was 3945 kHz and the reception here in southern Sweden was very good. The power was around 80 W. Op **Bill Lewis** said that he had been inactive due to the bad conditions and worked on some FM projects instead. LAY

In a recent letter from **Radio Meleor**, op Jean denies that he was active on April 3rd on 6205 kHz as reported in PC7, although we were at least two Swedish DX-ers that made a positive ID of the station, independently of each other. Anyway, op Jean tells that he is often active on Wednesday and Saturday afternoons around 16-18 UTC on 76 metres. The 48 metre activities from the station are very rare, Jean says. SPZ

Radio Piraña International has been rather inactive of late. Jorge has been heard oc- 4

asionally on 76 metres however, using the name **Juliett Romeo Golf** which is Jorge's initials. SPZ

Scandinavian Broadcasting Corporation is yet another new appearance from Scandinavia. The station can be heard on 76 metres, but will concentrate on relaying other Free Radio stations. So far **Radio City**, **Radio Random** and **Radio Strasbourg** have been relayed on different occasions. SBC is run by **Peter Laurett** who operates a 90 W transmitter. PCH

Shortwave Radio Switzerland continues to buy airtime from IRRS each Saturday at 11.00 UTC (13.00 CEST) on 7125 kHz. The following stations are going to be relayed:

June 11th	German's Better Music Sin
June 18th	Southern Music Radio
June 25th	Radio Casablanca
July 2nd	Radioart (new station)
July 2nd	Radio Sparks (Switzerland)
July 9th	Radio Fantasy
July 9th	Radio Marabu
July 16th	Radio Joystick
July 16th	Internation Music Radio
July 23rd	Radio Francis Drake
July 23rd	Calypso Radio
July 23rd	Radio Hoch-Weisel Int.
July 30th	Radio Fantasy
August 6th	Radioart
August 6th	International Music Radio

Skull & Bones Radio System were heard with their second appearance in a long time on March 27th after **Britain Radio International** closed down. They were calling CQ but didn't get any replies. Signals were reported as good in the UK. PCH

Subterranean Sounds is fairly regular on 76 metres and was last heard on Saturday May 28th on 3945 kHz. Modulation and

microphone quality has now been vastly improved after a visit to **Bill Lewis (LWR)**. Power is 15 W. PCH SPZ

Radio Tornenvalk International (c/f note in PC7) has not been heard since their return at Easter. They promised to start a regular service but so far nothing has been heard or reported. I wrote a letter to them a while ago, but I haven't received anything from them yet. SPZ

Radio Tornado from Lithuania got 45 letters for their broadcast on May 1st on 6400 kHz - from Sweden in the north to Italy in the south. The station was relayed by **Radio Delmare** from Holland. Tornado may also be heard on 1637, 6205, 6230 and 6400 kHz. Op **Tornie** offers a series of QSLs with nice layout and a new information sheet which you can get at Tornado's own address or via Delmare's address. LAY

Radio USA announce they will be relayed by **WGAS** and **Radio Orang Utan** in the near future. You might recall that

op **Mr Blue Sky** was heard via a relay here in Europe in October last year. RB

WGAS (c/f PC7) from the UK will continue broadcasting on shortwave, despite the announcement of closing down in March. WGAS will be active every 4th Sunday of the month and was last heard on May 29th on 6295 kHz with a marathon broadcast heard between 6.00-16.00 UTC! 48R SPZ

Xenon Transmitting Company sent me a QSL regarding my report on their birthday show on January 23rd. Op **Tommy Teabags** (cute name eh?) started the station in January 1993 and runs a format of alternative indie/rock along with lots of talk. He has been interested in Free Radio since 1986 and has been running other stations in the past. His favourite stations are **Subterranean Sounds** and **Radio Orion**, both well-known for their nice talk shows. XTC now uses two addresses, the Wuppertal drop and 34B Drift Road, Clancfield, Waterloooville, Harts PO8 0JL, England. The latter address will work faster. SPZ

THANKS FOR TUNING IN AND YOUR SUPPORT

DPRS NEWS

Derek Taylor
12 Dorman Road
PRESTON, Lancs
ENGLAND PR2 6AS

Sylvania (A) from Zwolle has not been heard for some time now. However, the good news is that he is back with a new name. Now calling himself **Ysselpiraat**, he has been logged twice by me recently. Although his signal is poor, he is going to make a few adjustments, so it should improve. Check him out.

New pirate **Ome Jap** from far north of Holland (Ameland) has made several appearances of late. Sometimes the signal is quite good. I recently sent him a tape of a very good and strong reception here in Preston.

Firma F16 has new regular Saturday night/Sunday morning programmes which I have noted over the past few weeks. Transmissions are in co-operation with the **Zwarte Panter**, **Morgenzon** and **Dikke Bizon** and sometimes other guest pirates. Check 00.00 UTC Sundays and later on 1579 kHz.

The first regular on the 190 metre band, **Soto**, continues every Sunday afternoon on 1569 kHz. Reception is good throughout Europe. Joint transmissions have been noted with other guest pirates.

Japie de Blitzkikker is now regular every Sunday afternoon and evening. As soon as the programme finishes, **Curaçau** takes over with his own transmitter on 1588 kHz. Japie can be found around the 1591 kHz area.

Studio 4 was noted recently with a surprise international programme. This one is normally a low power broadcaster, but the strength of the signal suggests a dramatic increase of power output.

Sadly, there will be no more programmes by **Radio Pirana**. He has had regular programmes for the past 4 years. His two hour Sunday night/Monday morning programme on 1509 kHz was quite unique with the continuous 60's and 70's pop hits. Do-

mestic upheaval has forced him to stop broadcasting for the time being. He hopes to return in the not too distant future

American Star made his first appearance on medium wave using the transmitter of **Calipso (B)**. He asked me to call him and he spoke fairly good English. He hopes to make some more programmes from the Calipso studio and plays a selection of Dutch and English records.

Barones is still rocking away with his regular Friday/Saturday night programmes. The signal from this pirate is truly phenomenal. I can hear him here with no antenna at all! His nearest rival for the top dog is **Toekomst** who can be stronger than Baro, but you must remember that Baro is much further east.

Utopia has probably the most entertaining programme of all the pirates. His programmes of 60's and 70's music, complete with jingles and multilingual ID's just get better and better. Usually to be found on 1636 kHz Thursdays, Fridays or Saturdays.

807 has moved to 1597 kHz with his request and dedications programme, which has been going out over the air for the past 5 years. Plays a good selection of mainly Dutch, but some English music too. You can call into the station for reports and requests. The number is +31 3429 2521.

I am very sad to have to report to you the death of well known **Tompoes**. He had suf-

fered from heart problems for some years and passed away on the 20th February. Maybe not the most favourite of pirates with the DX-ers; he rarely replied to reports, but his programmes of polka music were a firm favourite with the Dutch listeners.

Alternative Pirate Medium Wave News is a brandnew bulletin exclusively for MW pirates with special emphasis on the Dutch MW pirate scene. This is a service of the DPRS and has everything, logs, QSL's, QSL tips, listening tips, sticker exchange and more. Two full pages of logs everytime! Now you have the opportunity to share my knowledge and expertise by subscribing to APMWN. All subscribers to 6 issues or more will receive a free Dutch reception report from DPRS! The cost of this bulletin is only £1 or 2 IRCs from outside the UK. UK price is 3 first class stamps. APMWN is published 6 times a year in January, March, May, July, September and November. Number 1 is available from May 1994, so get your copy now! Write to my address above. Your contributions and small adverts are welcome too.

OFFSHORE RADIO

Chris Edwards
P.O.Box 1514
LONDON W7 2LL
ENGLAND

My thanks to Stefan Printz, who stood in for me last time around, as I was busy with Offshore Echo's. This time it seems to be a case of reporting on the close of some offshore radio stations.

Radio Brod, the station that broadcast to the former Yugoslavia, closed at midnight on 28th February, after European Community funding ran out. At a press conference in Rome, the following day, Radio Brod representatives claimed they had been given no warning that administrative and financial support was to cease so suddenly. The station restarted on 7th March, but closed after a few days. They are now looking for a new source of funding and have asked Italy to help them set up a transmitter off their coast.

Meanwhile off the coast of Israel, **Radio Hoff's** ship MV David broke her anchor chain and almost sunk during storms on Tuesday 8th March. The ship drifted to a position off Herzella. Station manager Barouk Ben David has been fired and most

of the stations staff left after they were not paid. In early April, Radio Hoff gave up her ship based operation and moved to a land based setup. This unlicensed station was raided by the authorities shortly afterwards, but has since returned to the air. Radio Hoff is the latest to join the growing band of Israeli land-based unlicensed radio stations. **Radio One**, that briefly broadcast from a ship, now has a new location in Haifa and recently started stereo broadcasts. The only remaining radio ship off the Israeli coast is now **Arutz Sheva**. Abie Nathan was back in the news recently when Israeli newspapers reported on oil pollution in parts of the Mediterranean. Local fishermen want action against Able, who scuttled his Peace ship without first emptying out the fuel tanks.

In Holland, the former **Radio Veronica** ship Norderney, recently refitted as a disco, has been hired for three months by an Emden businessman. The ship will also feature in local festivities during May and be used as a base for local radio outside broadcasts. Still in the Netherlands, the former **Laser 558** ship Communicator has been sold to the satellite station **Holland FM**. The ship is due to be berthed on the lake of Ysselmeer and used as a relay station for Holland FM's terrestrial programmes.

From 3rd June to 4th September, the Dutch Broadcasting Museum in Hilversum will be presenting an **Offshore Radio Exhibition**. Among the many exhibits and displays of radio memorabilia will be broadcast equipment from and a model of, the REM Island, Capital Radio Lichtenstein Naval officers uniform, Veronica Borkum Riff model and much much more.

In France, **Offshore Echo's** celebrates its 20th anniversary at the 555 Club in Calais on Saturday 2nd July, with special guests, videos, evening meal and disco. For details write to my address above. Phone/Fax (081) 840 8540.

THE 7415 REPORT

Chris Lobdell
P.O.Box 146
STONEHAM
MA 02180, USA

Well, here we go again with another 7415 report! Pirate activity in North America has been quite intense. Some pirates have been experimenting with new frequencies such as 3380 and 3400 kHz. The use of 7385 kHz is still quite popular, so I think we might have to change the name of this report to "The 7385 Report"!

WRV/The Radio Virus (Wellsville) was noted shortly after 0000 on 7465 on the 9th of April. This broadcast was in memoriam to Kurt Cobain, the Nirvana rock star who blew his brains out. The mx was all Nirvana.

WYDX (Blue Ridge Summit) This new station popped on the air on the unusual frequency of 3380 kHz! They were conducting lower power tests at 0130 on the 10th of April. The only problem was the frequency choice! A station from Guatemala was on 3380 at the same time so reception was very poor. WYDX was on again on 7385 kHz on May 30th at 0000 with a relay of KULP (Kulpsville University Loves Pirates.) Reception was better this time.

Laser Hot Hits (Merlin) This is a British station that was relayed by US station WREC. The AM audio was quite good on 7413.7 at 2320 on 16th of April. Mx by Eternal was played and the DJ was Chris Williams. A nice QSL package was received in only a few weeks. Let's hope we hear more from Laser!

KIWI Radio (Hastings, NZ) This pirate from New Zealand made a number of tests to North America during April. They were well heard in the south and central parts of the USA! Noted on 7445U at 0830 on April 16th playing Whitney Houston mx, advising listeners to call collect if they were hearing the test. Station operator Graham Barkley received many phone calls. I hope he can pay them all! KIWI Radio's transmitter was damaged while trying to test near 14 MHz but as of May 29th, he was again being heard in North America around 0530-0600

UTC!

The **NAPRS** was still active during April and May. On the 17th of April, **Radio Magic** (Perm) was heard on 7385U at 0030-0056. This half hour show of rock mx and talk by pirate Stan was enjoyed by all. Pirate radio is alive and well in Russia. The Swedish pirate **Heavy Dude Radio** (Lund) was relayed again by the NAPRS at 2230 to 2257 UTC on 7385 on the 13th of May. Mr. Heavy Dude was playing a program of all Swedish rock music. **Radio Titanic International** (Wuppertal) was heard with a birthday show by Dave Scott on 7385 at 0132 UTC on the 13th of May. All the best to RTII!

Radio Azteca (Wellsville) Bram Stoker made two appearances. The first one was on May 7th at 0100 on 7385U and they were noted again May 15th on 7415 at 1330. This was show #9 and featured the usual funny and perverted humour that we are used to, including ads for Cantaliver Bras and Dr. Dickys penis muffs.

Kranker Radio International (Pittsburgh) This station which had been inactive for a couple of years was noted on 7415 kHz at 2330 with rock and pop music. Music from

the 70s and 80s such as "Get A Leg Up" and "Lessons Of Modern Love". Let's hope they'll QSL this time around!

Buckeye Radio (Unknown) This new station was heard with a short QSO type broadcast on 7385 at 2215 to 2231 UTC on the 24th of April. The station op was calling **The Voice Of The Rooster**. Maybe we'll hear more from Buckeye in the future.

Radio Pus (Merlin) Yes, you heard right, Radio Pus is a new station that recently popped on the air. Noted on 7445U at 2300 on the 21st of May. The announcer who call himself Daniel Berrigan played spooky mx from an old TV show and played a promo for the Red Cross.

Radio SPAM (Fairbault, MN) This new station promoting the use of the canned food SPAM was first noted on 3400U at 0600 on the 14th of May. Reception was better on their latest show which appeared on May 30th on 7385U at 0239. The DJ calls himself King Spam and was describing the SPAM festival in Fairbault, Minnesota. He mentioned QSLs were available but to "be prepared" as they would be quite disgusting!

The International Voice Of Global Free Radio (Wellsville) This is a new station playing rock music was heard on 3400U at 0407 on May 14th. Some comedy was also noted.

Radio Free Salvation (Huntsville) Pastor Billy DeYoung was back preaching to pirate listeners and advising them to either accept Jesus or end up in Hell! Some Christian rock was played and the Salvation Army was mentioned.

6YVOS/Voice Of Smoke (Wellsville). A pirate station in Jamaica? That is what the DJ claims anyway! First heard on 3400 at 0330 on May 23rd. The repeat broadcast was much better heard on 7385U at 0200 on May 30th. The DJ who calls himself Marley (he claims his father was Bob Marley of the Wailers!) said the studios of 6YVOS are located in the Blue Mountains of Jamaica. Music by Bob Marley, Peter Tosh and The Grateful dead was played. If this station is indeed broadcasting from Jamaica, this

would be a new SWBC country! We'll see!

WVOL/Voice Of The Loon (Wellsville). Captain Willy was back after a long absence. He was noted on 7415U at 0232 with a talk about free speech. Also noted after 0330 on 7385U both on May 30th. Let's hope we hear more from WVOL!

Radio Peace In Action (Wuppertal). The Euroirate was noted via Richard T. Pistek's NAPRS at 0000-0030 on 7385 on May 29th. Programming featured "radio art", a talk on news censorship and how we are going to destroy the earth in 10 years time. The announcer said RPIA would relay other pirates! Thanks guys.

North Jersey Coast Radio (Merlin). Took to the air on May 23rd at 0000 on 7385U. The show featured a salute to New Jersey born blues/jazz man Count Basie. Ads for Snaple beverages were heard. The last few minutes of the show were heard in Europe by Rainer Brandt! A good DX catch.

That's about it from this side of the Atlantic. I hope all of you have a great summer holiday season.

I got word of Kiwi being on air in April from reading the April 1994 issue of A.C.E.

So I tuned in to 7445 kHz at 05.15 UTC on the 16th of April 1994 and sure enough it was Kiwi making a test broadcast using the Identification "This is a test transmission of Radio Moraki" the other identification used was "R.Moraki the rock of North Otago". There was a further identification "This is a test from Kiwi" and mailing address was then given. Then signed off at 05.37 UTC, reception was good.

Later that night at 07.28 on 7445 kHz Kiwi was back opening the broadcast with the bird call of a Kiwi then Station Id then propagation made listening impossible.

Trying again on the 17th of April 1994 at 6.58UTC on 7446.7 USB sure enough Kiwi was back playing pop music as the programme was only 45 minutes long the tape was turned over each time it came to a end and replayed again, reception was good.

On the 24th of April 1994 I monitored Kiwi from 06.58 UTC on 7446.7 USB using the identification of "ANZAC Radio" the usual selection of pop music was played till 8.26 UTC which I thought was Tx off but carrier was still there I kept listening and Graham called CQ DX then left air at 8.29 UTC.

I recorded off air all these broadcasts of Kiwi for my archive plus after sending a reception report in with blank cassette received 45 minute studio copy of programme of 16th of April 1994 and 45 minutes of the 17th of April 1994 broadcast. Going by what was written on copies of programmes 7445 was 100watts and 7446.7 USB was 350 watts.

You may wonder whats been happening with "Southern Music Radio".

Well where not sure whats happening with the relays via BIRS as no reports have come from this relay so they could still be off air.

The Swedish Shortwave relay service will relay programmes in June, August, October, December of 1994. The first went out in April so if you heard a unknown station on SSRS freq it was probably "Southern Music Radio".

If things go according to plan Radio Stella International will relay programmes in June, August, October, December of 1994.

S.M.R will also be relayed via SWR Switzerland Free Radio Service which are aired via IRRS in Italy and here are the dates when to listen.

<u>Day</u>	<u>Month</u>	<u>year</u>	<u>Time CET (UTC+2)</u>
18th	June	1994	1300 - 1400
20th	August	1994	1300 - 1400
15th	October	1994	1300 - 1400
17th	December	1994	1300 - 1400
	February	1995	

CURRENT PIRATE LIST 38
